

The 18xx games are on page 2 onwards in the order of starting. Outpost M13 is on p12, St. Petersburg M4 is on p13 and The Games That You Play is on p14. Comments on 1830S35 are below.

New Games: 1835V37 starts below. An 1829 South will start next time with the five waiting players.

The gaps between Minstrels are tending to increase and this trend is unlikely to be reversed. But it doth trundle forward when the nag to complete overcomes the lure of all them other shiny things out there.

Tony S 2nd

I don't believe it !! Victory snatched from my grasp as I was being prudent. I could see the diesels were not far away so was being careful to accrue as much cash as possible in the two companies which I presided over, in order to make the payment from me less painful when the inevitable happened. If the B&O had paid out rather than retained, I would have made more than enough money in income and share price to have maintained a lead.... Hey ho, at least I ended the game a rich magnate, but not quite as rich as the man with the smart money. Well done to Andy for staying out of the dodgy companies, and yah-boo-sucks to those who so disgracefully let their shareholders down. Thanks to Rob for another fine GMing.

David H 4th

I made a dreadful mistake early on, but at least I didn't come in last place. Congratulations to Andy on the surprise (to me) win, and thanks to Rob for running it.

You are ... in dealing order ... David Hooton, Tony Sait, Mike Bennett, Tim Parkes, John Webley.

As usual in Minstrel this will be a Half Thompson game. So ... the rules are as published [2nd Edition - English translation by John Webley] except that _

- The whole Start Packet is available at once.
- The dealing order is 1234554321123.
- When the Start Packet has been sold the ByE and SxE are available.
- Once all the ByE and SxE have been bought then the WtE, BaE & HeE all become available.
- After all the WtE, BaE & HeE have been bought the MsE & OIE are available.
- The PrE shares are available after a share in one of the WtE, BaE & HeE has been bought.

You each have 390M and a gleam in your eye. Have at it!

It seems that some companies did not get the memo about the Emergency Survey Party meeting - resulting in a self-fulfilling lack of ESP.
