Please note that there are two garrisons at H13 and thus only the SLSF & FW can run through that station. Consequently some run values will be other than expected. In fact, check all the runs and do - oh yes ... do - let me know if you disagree with any of them.

I think that next time it could be OR13 (with OR14 & SR8 the time after next) or OR13, OR14 & SR8. I have gone for the latter but of course please advise if that is too ambitious.

Edit: It was too ambitious ... OR13 only next time by request.
