

The 18xx games are reported from page 3 onwards in order of starting except that 1830J27 is below.
RR2099CH - below, Outpost M8 - Page 12, Outpost M9 - Page 13, St. Petersburg M2 - Page 14.

1856N25 & By Popular Demand are held over - Roger K is probably away. It's summer so people will be "out and about" more so a longer deadline this time. Then after that the next deadline will be 4 September - a longer gap to work around the wedding of my eldest daughter and a holiday for me. New games soon.

Glastonbury highlights - as seen via the BBC - for me so far were Lady Gaga (rockier sound than the album) and Neil Young. Both outrageous - but not together and not in the same way. Obviously. Springsteen was okay, Doves actually rather good, Crosby, Stills & Nash were worn out but even so Wooden Ships was evocative, Lily Allen performed okay but did not have enough good songs, Spinal Tap did not have enough midgets, The Ting Tings were bouncy. No footage of Tinariwen but bet they were splendid. Nick Cave & The Bad Seeds have not played yet - but they should be excellent. Oh yes, space fillers are me up front.

SR2 (PART)

Well, I planned to do all of SR2 this time but in retrospect I can tell that I needed to emphasise that. I now have full orders for all of SR2 from all of you but Mark H. I need to publish so here is an interim update ...

David R bought the M&H and then Don got the C&A for 207 and Mark got the B&O for 225 (B&O Par to be advised). So cash is Don 273, Mark 255, John W 425, David 370, John S 435. Orders on file used if not changed. In fact - if you can tell me by end of Friday 3 July to use your orders, or send replacements, and I get Mark's remaining orders, then I will do all of SR2 over next weekend so the game can move forward.

DEADLINE

ROB THOMASSON

FRIDAY 24TH JULY, 2009

205 TOLCARNE DRIVE, PINNER, MIDDLESEX HA5 2DN

As advised, the BBG ran for 220 in OR12 - and not 210 as reported. No big drama this time. It is still a game of two halves but we seem to be past the danger of a bankruptcy so I will ask for orders for both OR14 and SR5 for next time ...

A general build and run festival. Worth checking that you got what you wanted that was legal though. Some build orders were constrained by the lack of some tiles. In amongst it all the SSW bought a 5 train, connected, and bought another 5 train. Such larks!
