

The 18xx games are on page 2 onwards in order of starting, Outpost M12 is below, St. Petersburg M3 is on p13 & P15, In The Year Of The Dragon M2 is on p14 & p15 and The Games That You Play is on p16.

New Games: 1861R34 will start by email for Don S, John S, David R & David H. I will send the starting email out tomorrow - right now I fancy a lie down. An 1830 will start next time.

It's getting near one of those times of the year when people are likely to be away. Just let me know if you will have trouble with a deadline and we will work around it. Thanks again to Tony B who was proactive about his recent absence in NZ and arranged it so that no game was delayed by that absence.

I will be in Birmingham on the next deadline helping my brother set up his stand for the UK Games Expo - and I doubt that any games will get adjudicated before the following Tuesday. The reminder will go out for the Friday as usual so that your rhythm is not disturbed or even perturbed.

OUTPOST M12

The OR14 operating order is - MKV, SW, MVR, NW, MK, SE, MKN, GRR.

Loan levels are reduced where necessary and there are no retentions so I am not expecting a 6 train to be bought in OR11. But what do I know? We will stop after OR11 if one or more 6 trains are bought within it.

We stop after OR2 by request as advised. The B&O does a double-take and gets going in OR2 by which time David R had bailed out and put a marker down on the NYNH. There is enough variability in the outcome of SR3 that I think that we will have just that one round next time.

All but one of you went for the LPS as first choice for company to preside upon - but everybody got at least their second choice. Next time we will stop after SR2 if there any new or changed presidencies in SR2 or if a 3 train was bought in OR1.

ST. PETERSBURG M3**ROUND 6 – ARISTOCRATS & TRADING CARDS**

A flurry of Warehouse Managers emerges from the shadowy hands and then there are no Aristocrat upgrades in the Trading Cards phase. So I played out the phase on the basis that you would all buy the Aristocrats still in your hand - and that Mick would apply his upgrade to his only duplicated Aristocrat. The final cards and summary can be found for reference two pages further on after the In The Year Of The Dragon report.

The end result is a nicely balanced win for Mike after a game played well by all concerned. Thank you!
