

The 18xx games are on page 2 onwards in order of starting, Outpost M12 is on page 15, In The Year Of The Dragon M2 is on p16 & p17 and The Games That You Play is on p18.

New Games: 1835M34 and 1830U34 start below. 1861R34 has completed its SR1 by email (smoothly self-moderated by the players - thanks to all for that) and continues on page 14.

I think that the relocation of the UK Games Expo to the NEC (Hilton) was a success. The main advantage was having the accommodation and the exhibition in the same place so that the scale of the event could be seen by all. By Friday afternoon the hotel was awash with gamers and gaming and thus it was throughout the weekend. The trade halls were busy and there was a spread of both attractive and overweight visitors.

Brother Keith gave up space on his stand for Mike Hayes to demo his publication of Classic Warlord (The Holy Grail of Wargames - <http://classicwarlord.com/>) and he was very pleased with the sales that he made over the weekend. The expo marked the last public appearance of Keith's Heron Games and there was much appreciation for the service he has provided over the years.

Meanwhile all else is well and various shiny things delayed the publication of this issue. The balance is that I have to care to keep on doing this but not so much that it becomes an, er, issue. So far - still trucking.

ST. PETERSBURG M3**COMMENT**

Mike They say money doesn't buy you happiness; well maybe so, but it does seem to buy you a win in this game. I set out from the start to out-earn everybody first and worry about the accumulation of VPs later. It seems to have worked. Hurrah.

ST. PETERSBURG M3

1829I33 : SOUTH GAME, MSK1, PC RULE : PHASE 3 : BANK - £19,049 NEXT TIME - OR12 & SDR10

I have paused after OR7 as the first 4 train had been bought (and I should have foreseen that possibility and out in a conditional pause anyway). So your orders for next time should say (John W) whether the PrE is to be formed and (all) whether your Minor & Private Companies will join the PrE it is formed. And let me tell you that the BaE home base is at the western station of L6.

Remember - if you just say "buy a share [in a company]" then by my defaults you should buy the cheapest of new and old shares if both classes are available. This time two presidents might have bought old shares in their companies by that rule but I took it that they really wanted to buy new shares.
