New Games: 1835B37 starts on page 2 for Tony B, David R, John S, Don S & John W.

Okay, this issue has been progressed like what it should have been. The disruption in deadlines from last time has moved us away from a clash with Christmas Clash so that is a good thing. Thank you to all those that reviewed the adjudications on the web site and advised queries and/or requested clarifications.

- The whole Start Packet is available at once.
- The dealing order is 123454321123.
- When the Start Packet has been sold the ByE and SxE are available.
- Once all the ByE and SxE have been bought then the WtE, BaE & HeE all become available.
- After all the WtE, BaE & HeE have been bought the MsE & OIE are available.
- The PrE shares are available after a share in one of the WtE, BaE & HeE has been bought.

You each have 390M and a gleam in your eye. Have at it!

## 1835M34

## COMMENTS

David R    My standard 1835 strategy is to launch the Badische or Hessische and get a big train or two and routes to Hamburg and/or Berlin. Usually I fail: this time I didn't.

Mike B    Congratulations to David Roffey on his victory, and thanks to Rob for his adjudication. Too many errors in the last two stock rounds and the survival of the 3+3 trains cost me a better finish.

1835M34 : HALF THOMPSON GAME

WON BY DAVID R

I think that the bank will run out of cash in OR15 if all dividends are paid ...
