

The 18xx games are on page 2 onwards in the order of starting. Outpost M13 is on p13, St. Petersburg M4 is on p14 (players please note the comment in the game intro) and The Games That You Play is below.

New Games: 1829B38 starts below. I think I can manage another start next time.

I always seem to publish this consolidation on, or near to, a Tuesday and set the deadline as the Friday a few days over two weeks away - even though the earliest adjudications were available on the web site over two weeks ago. Tradition I guess. It is very useful when the adjudications are reviewed as they are posted online but I do not rely on (or assume that) all players are looking at them, hence the gap to the deadline. Plus the non-18xx adjudications are not made available online. I also tend to fill any gap left on the front page.

You are ... in dealing order ... John Shelley, David Hooton, Mike Ruffhead, Don Smith, David Roffey.

You are all terribly familiar - but ask if you need any information before you commence participation.
