

The 18xx games are in order of starting from p2 onwards. RR2515BO Bolivia is below, Outpost M19 is on p8, St. Petersburg M7 is on p9, In The Year Of The Dragon M4 is on p10 & p11. The Games That You Play is on p11.

New Games: None with none bordering on an impending start.

Well, it's raining. In other news - not much. No real reaction to the possibility of, or opinion on, the [18EU Minor Company Special Powers](#) variant

In late news I was recently "alerted" to the ingenious 50+ ton solution that was housed in the basement of Selfridges to allow WWII leaders to talk to each other without being overheard - or rather, without being understood. Oh yes, I am talking about [SIGSALY](#) which pioneered a number of digital communication concepts. This was a non-destructive example of invention and development driven by the needs of war.

On a visit to the air museum at Duxford some while ago I was both inspired by the manifest and varied creativity shown by mankind in adversity and also depressed that it was all in the cause of killing other strands of mankind. Not the sort of thinking that you expect from Minstrel ... but there is always an exception.

**RIVALS RR2515BO**

**ROUND 2 [17 POINTS]**

It gets busy in valley from La Paz to Caranavi along by the Ruta Nacional 3 - but it does enable GRAB to break out and run north with BIEN to the east. SE earns the most from the building but will probably have to cross a river to get further north. FdBS is untroubled in the south and GITCO stakes a claim on the east.

**Builds**

- BIEN Orange (San Borja) - K19 - I20 - I21 - E23; (N16) - N10; (K19) - K20
- GITCO Blue (R22) - N24; (Concepcion) - E67 - San Jose de Chiquitos; (C66) - San Ignacio de Velasco; (R22) - R19
- GRAB Green (La Paz) - G22 - I21 - Rurrenabaque - L14 - L10 [cut short]
- SE Red (F22) - H21 - Caranavi; (H21) - I21; (Cochobamba) - N25 - O26 - O27; (N25) - N24 - O24 - P24 - Yapacani; (R23) - V25
- FdBS Black (Q31) - Sucre; (V31) - V27; (Tarija) - Villazon; (V27) - V25 - Montero; (Q31) - Q30; (V27) - Santa Cruz

Scores		End	Start	Towns	Build	Payments	Earnings
BIEN	Christian Bien	22	= 32	+0	-5/GRAB	-9/SE	+4
GITCO	Tony Sait	54	= 38	+12			+4
GRAB	John Webley	15	= 21	+0	-4/BIEN	-7/SE	+5
SE	David Hooton	54	= 37	+6	-4/GITCO	-1/FdBS	+16
FdBS	Mike Ruffhead	39	= 26	+12			+1

**Building Allowances**

The building allowance for each of rounds 1-6 will be derived from three die rolls in the range 3 to 6 with no one round ever having more than one roll below 5. The building allowance in round 7 will be 12 points (plus payments to rivals) and will then decrease by 2 for each subsequent round.
